drill master, Claude Walters.

STEUBEN.

BRADFORD.

United States Navy Chaplain Booram at His Boyhood's Home.

Bradford, April 7.—Rev. S. D. Booram, chaplain in the United States navy, officiated in St. Andrew's Church Sunday and delivered two very able and interesting sermons. Mr. Booram spent his boyhood in this village and whenever he returns to his native town he is sure to be welcomed by a host of friends. It is understood that he has arrived at the age when he will be placed upon the retired list. He will conduct the services here Easter.

The store building which was recently vacated by C. Munson of this village has been purchased by Mrs. G. C. Merriman, who will remove it from its present site across the street opposite Zimmerman Brothers' store and will convert it into a hall to be used for general town purposes. The hall will be provided with stage scenery, chairs and all the necessary accommodations of a first class hall. This is something very much needed here, and the people will give it their hearty support.

Warnie Hayes and Scott Ide were home from Keuka College from Saturday until Wednesday. They report that they are to have a first class baseball team at the college this season.
